Declaration of Conformity

We, Manufacturer/Importer

ASUS COMPUTER GmbH HARKORT STR. 25 40880 RATINGEN, BRD. GERMANY

declare that the product (description of the apparatus, system, installation to which it refers)

Mother Board

P4B-FX

is in conformity with (reference to the specification under which conformity is declared) in accordance with 89/336 EEC-EMC Directive			
EN 55011	Limits and methods of measurement of radio disturbance characteristics of industrial, scientific and medical (ISM) high frequency equipment	⊠ EN 61000-3-2* □ EN 60555-2	Disturbances in supply systems caused by household appliances and similar electrical equipment "Harmonics"
EN 55013	Limits and methods of measurement of radio disturbance characteristics of broadcast receivers and associated equipment	⊠ EN 61000-3-3* □ EN 60555-3	Disturbances in supply systems caused by household appliances and similar electrical equipment "Voltage fluctuations"
EN 55014	Limits and methods of measurement of radio disturbance characteristics of household electrical appliances	⊠ EN 50081-1	Generic emission standard Part 1: Residual, commercial and light industry
	portable tools and similar electrical apparatus	⊠ EN 55024	Information Technology equipment-Immunity characteristics-Limits and methods of measurement
EN 55015	Limits and methods of measurement of radio disturbance characteristics of fluorescent lamps and luminaries	☐ EN 50081-2	Generic emission standard Part 2: Industrial environment
EN 55020	Immunity from radio interference of broadcast receivers and associated equipment	☐ EN 50082-2	Generic immunity standard Part 2: Industrial environment
EN 55022	Limits and methods of measurement of radio disturbance characteristics of information technology equipment	☐ EN 55104	Immunity requirements for household appliances tools and similar apparatus
DIN VDE 0855 part 10 part 12	Cabled distribution systems; Equipment for receiving and/or distribution from sound and television signals	☐ EN 50091-2	EMC requirements for uninterruptible power systems (UPS)
CE marking	(E (1)	EC conformity marking)	
The manufacturer also declares the conformity of above mentioned product with the actual required safety standards in accordance with LVD 73/23 EEC			
EN 60065	Safety requirements for mains operated electronic and related apparatus for household and similar general use	☐ EN 60950	Safety for information technology equipment including electrical business equipment
EN 60335	Safety of household and similar electrical appliances	☐ EN 50091-1	General and Safety requirements for uninterruptible power systems (UPS)
	EN 55013 EN 55014 EN 55015 EN 55020 EN 55022 DIN VDE 0855 part 10 part 12 CE marking EN 60065	EN 55011 Limits and methods of measurement of radio disturbance characteristics of industrial, scientific and medical (ISM) high frequency equipment EN 55013 Limits and methods of measurement of radio disturbance characteristics of broadcast receivers and associated equipment EN 55014 Limits and methods of measurement of radio disturbance characteristics of household electrical appliances, portable tools and similar electrical apparatus EN 55015 Limits and methods of measurement of radio disturbance characteristics of fluorescent lamps and luminaries EN 55020 Immunity from radio interference of broadcast receivers and associated equipment EN 55022 Limits and methods of measurement of radio disturbance characteristics of information technology equipment EN 55022 Cabled distribution systems; Equipment for receiving and/or distribution from sound and television signals CE marking The manufacturer also declares the cowith the actual required safety standard electronic and related apparatus for household and similar general use EN 60335 Safety of household and similar	(reference to the specification under which conformity is de In accordance with 89/336 EEC-EMC Directive EN 55011 Limits and methods of measurement of radio disturbance characteristics of industrial, scientific and medical (ISM) high frequency equipment EN 55013 Limits and methods of measurement of radio disturbance characteristics of broadcast receivers and associated equipment EN 55014 Limits and methods of measurement of radio disturbance characteristics of household electrical appliances, portable tools and similar electrical apparatus EN 55015 Limits and methods of measurement of radio disturbance characteristics of fluorescent lamps and luminaries EN 55020 Immunity from radio interference of broadcast receivers and associated equipment EN 55022 Limits and methods of measurement of radio disturbance characteristics of information technology equipment EN 55022 Limits and methods of measurement of radio disturbance characteristics of information technology equipment DIN VDE 0855 Cabled distribution systems; Equipment for receiving and/or distribution from sound and television signals CE marking The manufacturer also declares the conformity of above me with the actual required safety standards in accordance with the actual required safety standards in accordance with household and similar general use EN 60335 Safety of household and similar
