Before you update the BIOS 0402, please ensure your Eeepc with the below label.

1. Please take off your battery from battery slot on your 1015BX unit.

2. You will see 1015BX label pasted at the left upper side of the battery slot as shown in the red square below.

3. Please double-check that "OB" is shown in the right upper corner as shown in the red square below before starting your BIOS update.
