

# Motherboard user guide update

This is an information update for the user guide that comes with your motherboard package.

The pin definition of the front panel audio connector (10-1 pin AAFP) is updated as the following illustration shows.

## Front panel audio connector (10-1 pin AAFP)

This connector is for a chassis-mounted front panel audio I/O module that supports either HD Audio or legacy AC'97 audio standard. Connect one end of the front panel audio I/O module cable to this connector.

## Analog front panel connector
