

## Instant Fun

There are two methods to enter Instant Fun:

- While the Notebook PC is turned OFF, press the Instant ON key.
- While the Notebook PC is booting, press the [F3] key.

Instant Fun application will launch without entering Windows. Instant Fun allows you to view DVDs, VCDs, videos, photos, or television programs; or listen to music CDs or files.

---

**Note: When the Notebook PC is ON and running Windows, pressing the Instant ON button will launch the Mobile Theater application provided with this Notebook PC.**

---

The image shows the ASUS Instant Fun interface. At the top left is the ASUS logo. The main text reads "Instant Fun" and "One Touch Entertainment". Below this is a 3D rendering of a DVD player with a disc in its tray. At the bottom, there is a horizontal menu with six icons: DVD (a disc tray), TV (a television), PHOTO (a camera lens), VIDEO (a video camera), MUSIC (a CD player), and RADIO (headphones).

Select the mode (DVD, TV, Photo, Video, Music, Radio) using the left/right cursor keys to scroll through the icons.

Press [Enter] to enter the selected mode.

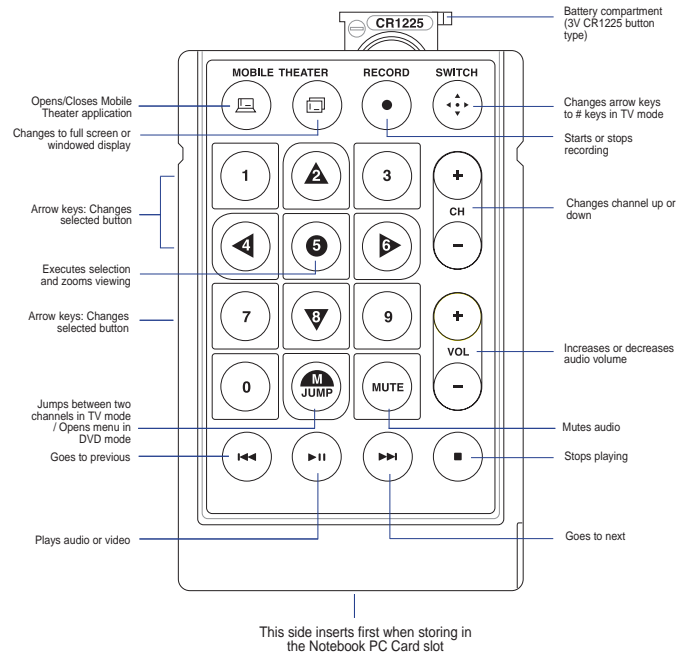

Press [Home] key on the keyboard to return to this menu.

## Keyboard control definitions

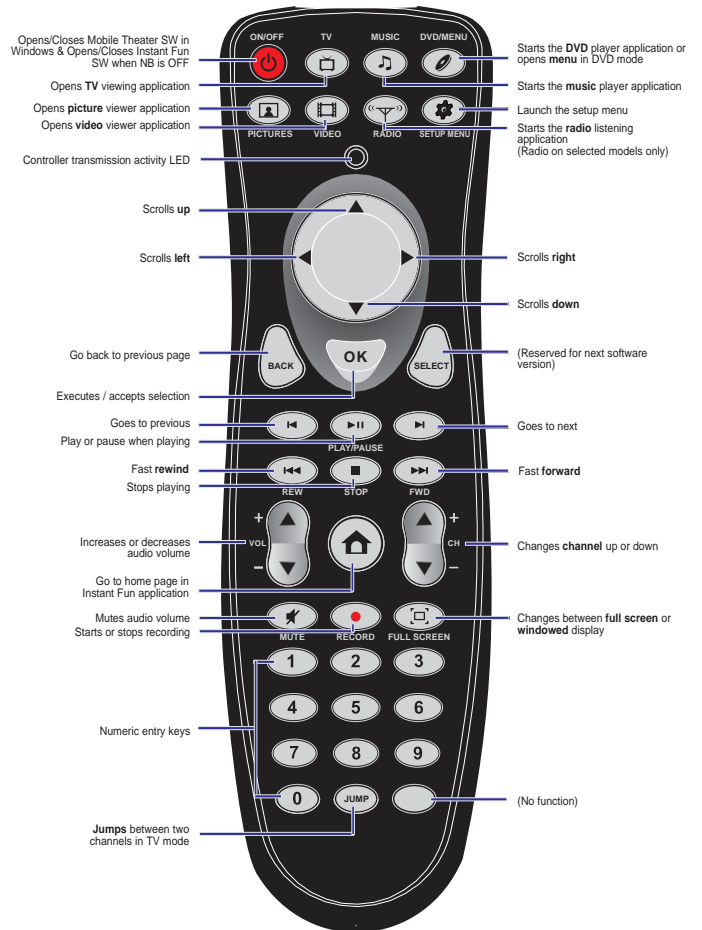

| Item          | Mode                    | Usage                                | Keyboard              |
|---------------|-------------------------|--------------------------------------|-----------------------|
| Power Key     | (All)                   | Turn OFF InstantON                   | [NB power switch]     |
